MEETINGS TORINO

© Thales Alenia Space

© Leonardo

**The 8<sup>th</sup> International  
Business Convention**  
for the aerospace industry

Torino / ITALY  
30 NOVEMBER, 1-2 DECEMBER, 2021

## Piemonte Excellences at A&DM 2021

[www.aerospacemeetings.com](http://www.aerospacemeetings.com)

#ADMTorino2021

# A LEADING GLOBAL HUB FOR AEROSPACE

280 SMEs  
14,800 employees  
€ 3.9 bn turnover

The Piemonte aerospace supply chain is a complete one and offers leading edge technological and business solutions. The **technical-productive specialisation** of the companies, both in manufacturing and technical services, makes the local aerospace sector **highly competitive on international markets**.

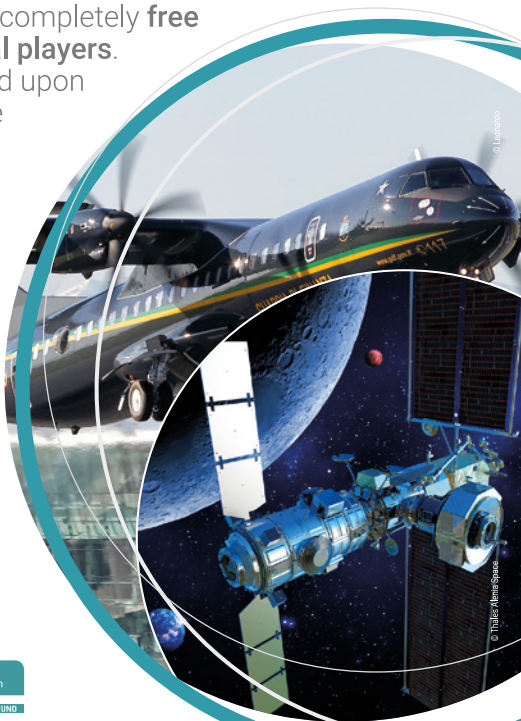

## AEROSPACE INTEGRATED SUPPLY CHAIN PROJECT

**Piemonte Aerospace** is a special project promoted by Regione Piemonte, financed by ERDF - European Regional Development Fund and managed by Piemonte Agency, providing a preferential channel to meet and start business with **top suppliers based in Piemonte-Italy**.

The Team's assistance is completely **free of charge for international players**. It ascertains the needs and upon request suggests possible suppliers and organises matchmaking activities. Thanks to new technologies and platforms, virtual meetings can also be arranged.

For more information on the aerospace sector in Piemonte and its business and investment opportunities, contact:

**Piemonte Agency - Team Aerospace**

# ATR 72MP

## Cost-Effective Force Multiplier

More than 4,000 Leonardo employees, working in the Piedmont production plants of Torino, Caselle Torinese and Cameri, manufacture advanced defence aircraft and sophisticated avionic equipment and mission systems for land and naval surveillance. The ATR72MP is an airplane that combines reliability, low operating costs, all the advantages of the regional commercial aircraft ATR 72-600 with a cutting-edge mission system.

The ATR72MP is equipped with Leonardo ATOS (Airborne Tactical Observation and Surveillance) scalable mission system, which has the capability to manage the whole aircraft sensors spectrum by merging all information received in an overall tactical situation.

© L. Nicolotti

### AVIOTEC S.R.L.

Aviotech main activities are Design, Manufacturing and Integration of Multi-Layer Insulation and Electric Harness For Space, Thermal-Vacuum chambers, Defense, Aeronautics and Cryogenics applications.

#### CONTACT

# WHERE WE ARE HEADING

## LEO

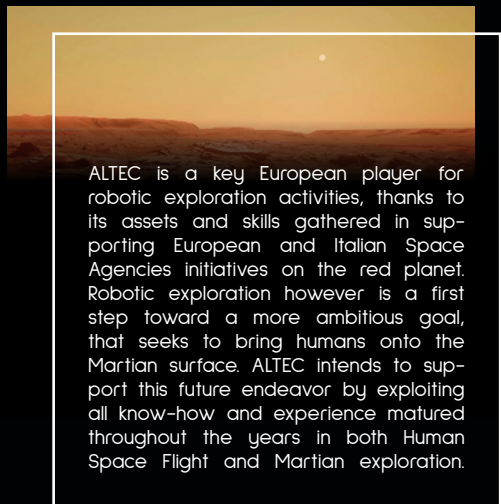

ALTEC is a European key player for Low-Earth Orbit human space flight service provision and intends to lead and support the emerging opportunities provided within the so-called LEO marketplace, leveraging its heritage, knowledge, assets and skills to pursue LEO access democratization.

## MOON

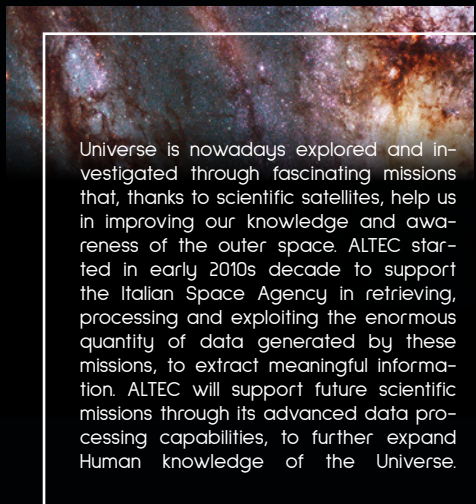

Leveraging on the initiatives developed in the frame of ISS and Human Space Flight, ALTEC aims at supporting future activities and next exploration endeavors on Moon, being it in cis-lunar orbit or on Lunar surface, in order to realise a permanent and sustainable human presence on Earth's satellite, as well as a sustainable access and exploitation to its resources. Moon is not just a stepping stone for future ambitious exploration programmes, rather ALTEC considers it as a target for Human Exploration.

## MARS

ALTEC is a key European player for robotic exploration activities, thanks to its assets and skills gathered in supporting European and Italian Space Agencies initiatives on the red planet. Robotic exploration however is a first step toward a more ambitious goal, that seeks to bring humans onto the Martian surface. ALTEC intends to support this future endeavor by exploiting all know-how and experience matured throughout the years in both Human Space Flight and Martian exploration.

## UNIVERSE

Universe is nowadays explored and investigated through fascinating missions that, thanks to scientific satellites, help us in improving our knowledge and awareness of the outer space. ALTEC started in early 2010s decade to support the Italian Space Agency in retrieving, processing and exploiting the enormous quantity of data generated by these missions, to extract meaningful information. ALTEC will support future scientific missions through its advanced data processing capabilities, to further expand Human knowledge of the Universe.

### ITALPROGETTI S.R.L.

Development and construction of industrial machinery and plants, on behalf of third parties. The Company staff consists of 45 people. Every step of the production chain is carried out internally.

L'ICE-Agenzia per la promozione all'estero e l'internazionalizzazione delle imprese italiane è l'organismo attraverso cui il Governo favorisce il consolidamento e lo sviluppo economico-commerciale delle nostre imprese sui mercati esteri. Agisce, inoltre, quale soggetto incaricato di promuovere l'attrazione degli investimenti esteri in Italia. Con una organizzazione dinamica motivata e moderna e una diffusa rete di uffici all'estero, l'ICE svolge attività di informazione, assistenza, consulenza, promozione e formazione alle piccole e medie imprese italiane. Grazie all'utilizzo dei più moderni strumenti di promozione e di comunicazione multicanale, agisce per affermare le eccellenze del Made in Italy nel mondo.

ITA - Italian Trade Agency is the Governmental agency that supports the business development of our companies abroad and promotes the attraction of foreign investment in Italy.

With a motivated and modern organization and a widespread network of overseas offices, ITA provides information, assistance, consulting, promotion and training to Italian small and medium-sized businesses. Using the most modern multi-channel promotion and communication tools, it acts to assert the excellence of Made in Italy in the world.

## CATALOGUE OF PIEMONTE COMPANIES

AEROSPACE  
& DEFENSE  
MEETINGS TORINO

19

### PRO S3 S.R.L.

Aerospace and Unmanned Technologies firm specialized in design, simulation, logistic analysis and virtual reality. Pro S3 also manufactures advanced UAV for mapping, law enforcement and air mobility.

#### CONTACT

Via Torre Pellcie, 17  
10156 TORINO  
T.: +393498129800  
[info@pros3.it](mailto:info@pros3.it)  
[www.pros3.eu](http://www.pros3.eu)

### PROGEM S.R.L.

Progem is involved in the industrialization and manufacturing of precision mechanical parts for aerospace, space and defense for both civil and military purposes. Progem is good and fast, not cheap.

#### CONTACT

Via Monteu Roero, 12/16  
10022 CARMAGNOLA (TO)  
T.: +393470854917  
[lorenzogrossirogem.eu](mailto:lorenzogrossirogem.eu)  
[www.progem.it](http://www.progem.it)

ROSFER

componenti meccaniche di alta precisione

### ROSFER SNC

Rosfer has two main areas of business Design and production of gauges for checking of mechanical components. Manufacturing of components and assemblies in accordance with customers' drawings.

#### CONTACT

Via Morozzo 14  
10141 TURIN  
T.: +390113833161  
[info@rosfer.it](mailto:info@rosfer.it)  
[www.rosfer.it](http://www.rosfer.it)

### ROTOMORS S.P.A.

High precision workholding equipments (pallet changing systems for vtl & machining centers - power & manual self-centering chucks, Ø up to 7000mm), specially designed for the aerospace industry.

Via Alfieri Maserati 62  
10095 GRUGLIASCO (TO)  
T.: +39011785757  
[info@rotomors.com](mailto:info@rotomors.com)  
[www.rotomors.it](http://www.rotomors.it)

### S.I.M.E. S.R.L.

S.I.M.E. is a family company, est. 1950, EN 9100 qualified, supplying the European Aerospace & Defence Market with complex machined parts, small assemblies, NADCAP Special Processes and MRO repair station capability.

#### CONTACT

Via Arona, 81/83  
28021 BORGOMANERO (NO)  
T.: +39032281625  
[info@simeccanica.it](mailto:info@simeccanica.it)  
[www.simeccanica.it](http://www.simeccanica.it)

### SABELT S.P.A.

Global leader in the development and manufacturing of original equipment car seats, motorsport products and seatbelts for special applications in niche markets like aerospace and aviation. Supplier of Thales A.S.I. for Cygnus Cargo Modul retaining systems.

#### CONTACT

Via Guido Rossa, 8/10/12  
10024 MONCALIERI (TO)  
T.: +390116477911  
[info@sabelt.com](mailto:info@sabelt.com)  
[www.sabelt.com](http://www.sabelt.com)

**SHEETMETAL FABRICATION S.R.L.**

SMF is a specialized company for manufacturing of aviation and space sheetmetal components.

**CONTACT**

Via Biella 66/68  
10098 RIVOLI (TO)  
T.: +390119593909  
[info@smf-srl.com](mailto:info@smf-srl.com)  
[www.smf-srl.com](http://www.smf-srl.com)

**SISTEL S.R.L.**

Sistel design and manufacture electric system harnesses since 1991, following Customer's requirement and standard UNI EN 9100. The facility is placed in Turin in a 5.000 mq area, and 350 mq are dedicated to an own Clean room ISO8.

**CONTACT**

Corso Vercelli 273,  
10155 TORINO (TO)  
T.: +390112462488  
[moccia@sistel.com](mailto:moccia@sistel.com)  
[www.sistel-connections.com](http://www.sistel-connections.com)

**SSE-SOFITER SYSTEM ENGINEERING S.P.A.**

SSE - SOFITER SYSTEM ENGINEERING S.P.A. established in Turin in 1980 and has been operating for almost 40 years in the sector of consulting and services for the engineering of the life cycle of aerospace, civilian and military products. The company is currently involved in more than 30 military and civilian projects.

**CONTACT**

Corso Francia, 35  
10138 TORINO (TO)  
T.: +390114405711  
[segreteria@sofiter.it](mailto:segreteria@sofiter.it)  
[www.sofiter.it](http://www.sofiter.it)

**T.M.L. / TECNOMECCANICA LEINI**

T.M.L. is a market leader in the machining of small and medium-sized components obtained from round bar and casting with aeronautical materials.

**CONTACT**

Strada Fantasia 9  
10040 LEINI (TO)  
T.: +390119980534
